

EB-1B Approvals in June 2010

This report includes three (3) EB-1B I-140 cases filed by Liu & Associates and approved by the USCIS in June 2010. In the past two months, USCIS adjudication of I-140 cases has been significantly slowing down. As a result, we had fewer I-140 cases approved in June than in a regular month. Also, as a result, a large number of I-140 cases have been pending over four (4) months, the USCIS posted processing time for I-140 petitions.

We list the basic credentials of each case and hope our readers find the information helpful. For confidentiality purpose, a numeric number is assigned to replace the petitioner/beneficiary's name in each case. It is our firm's policy to hold client's information strictly confidential.

Compiled and briefed by Tiffany Smith, Certified Legal Assistant at Liu & Associates, PLLC.

Case # 1

Case Type: Eb-1B I-140
Field of Research: Electrical Engineering
Current Position: Research engineer at a private company
Major Credentials: Ph.D. from a US university
Published 10+ journal papers
Consistently invited to review the works
Cited approximately 130 times by other researchers
